INFORMATION BY THE ORGANIZING COMMITTEE

The Idroscalo is an ideal place for canoeing and kayaking competitions, but it is important to remember that it is also a public park owned by the Metropolitan City of Milan which has issued very strict rules on the internal circulation of vehicles, no longer permitted but only tolerated albeit minimally at the time of the races.

In order, therefore, to be able to allow the smooth running of the tenders in the future as well, it is absolutely necessary to adapt to these rules and respect them in the strictest way so that the Metropolitan City can have no doubts about granting us the use of the park.

- Only vans towing boat trailers or cars with boats on the roof can enter the Idroscalo Park, only and exclusively to unload trailers and boats. Private cars are not admitted, even if they carry canoes, in the presence of an already authorized company van.
- It is mandatory to communicate before the race the license plate of the van that tows the cart or of the car that carries the canoe to which a nominal Pass will be issued. In the presence of a company van, no other car will be allowed inside.
- Cars will not be allowed inside the Idroscalo Park except for Paracanoa athletes or their companions.
- As soon as the trolleys have been removed, the vans will have to leave the sports area and park in the internal parking lot of Punta dell'Est. The same goes for authorized cars that carry boats on their roofs.

Only vans that have towed the trolley or cars with boats, all equipped with a special pass, will be able to park in that parking lot.

It is therefore not permitted to stop except for a few minutes behind the sports area

- All other vehicles or vans must park in the large parking lots outside the Idroscalo Park, without ever entering the Park itself
- The vans carrying the athletes must leave them before the Grandstand gate and park outside
- Boat unloading operations can only be accessed from the Tribune Gate and exit from Punta dell'Est
- Once the boats have been unloaded and the trailers have been unloaded, the vans or cars equipped with a nominal Pass must then always enter from Punta dell'Est and stop in the dedicated parking area

- Only vans or cars with the colors of the various Armed Forces and clearly identifiable as such will be able to park, for safety reasons, in the green area above the slope before the exit gate. Private military cars park outside.
- The Tribune and Punta dell'Est entrances will be manned by the Metropolitan Police. Police Officers will be provided with a list of vans and cars allowed at the entrance. No exceptions will be allowed
- Two patrols of the Metropolitan Police will also circulate inside the sports area and will sanction all cars or vans that are found without a driver inside the Park, even those equipped with a Pass, if not parked in the large Punta dell'Est car park
